ACTIVE AFTER-SCHOOL

The Australian Government’s Active After-school communities program is a national initiative that provides primary school children with access to free sport and other structured physical activity programs.

Moyston Primary school’s submission was successful and we have received a grant allowing us to create an Active After-School program in 2014!

The children have been working hard in the school garden with Mrs White.

COMMUNITY ANNOUNCEMENT

Last week, the whole school was invited to a Community announcement at the Moyston Oval.

The children got to meet Minister for Sport and Recreation Hugh Delahunty who announced that the Government would contribute $53000 to upgrading the netball courts to create a Multisport activity Centre catering for netball, tennis, basketball and soccer. A further $15000 will be allocated for the installation of outdoor exercise stations at Moyston.

This is great news for the school and the Moyston Community!
