Moyston Primary School aims to develop in our students a purpose of belonging and an understanding of the importance of taking responsibility for their own learning. This is to take place in a caring learning environment that engages students to work towards achieving their personal best in an atmosphere of mutual respect and cooperation, and assisting them to become valued members of the community.

Yesterday, Moyston PS completed their cold water swim program at the Halls Gap Pool. The students enjoyed a walk to Venus Baths and a picnic at the playground before their final swimming session.

We ended our

fun day with an ice-cream!

The staff and students of Moyston Primary School would like to wish everyone a Merry Christmas and a happy and safe new year!
